Kalsubai Peak Cloud Formation Special Trek

About This Experience

Kalsubai Peak is a very popular trek in the Sahyadri region. It is the highest peak in Maharashtra at 5,400 ft and is easily accessible both from Mumbai and Pune. The trek offers a breathtaking combination of natural environments like waterfalls, forests, grasslands, and historic forts. The Kalsubai Temple at the summit of the peak draws people from the nearby villages throughout the year. They come to take blessings from Kalsubai Devi. It is believed that a young village girl named Kalsubai, lived in the mountains. During that time she cured villagers and animals and also helped in village activities. One day she left for the summit and never returned. So in her memory, a small temple was built at her home on the mountainside and the main Kalsubai temple was built on the peak
