Kanha - Customized for Nachiket Joshi

About This Experience

The jungle is a mystic place. It has its own persona, its own way of maintaining order, and its own set of rules. The law of the jungle is strict and, from bug to bear, it is common for all- survival of the fittest! Even so, it thrives and expands in ways beyond our imagination; so is the case with Kanha! Lush green sal forests, dense bamboo population, vast expanses of meadows, and the frequent presence of water bodies create a scenic landscape. Together, they make up for a whopping 2300 sq.km. of wildlife heaven!

Highlights -
• Home to a good-5 healthy population of tigers.
• Highly acclaimed for conservation of Hangloul & Barasinghas - a species only found in Kanha
• Dominated by the enchanting Sal trees and a variety of spectacular landscapes.
• Home to Baiga, one of the primitive tribes of India, who have lived in these jungles for hundreds of years.
• Manglu Baiga, a senior member of the Baiga tribe, helped the forest officials in conservation of tigers in more than one seas, and was honoured with Wildlife Service Award in 2004.
• One of the best managed national parks in India.

Highlights

We will also be exploring the tribal culture of Baiga in our visit. Being the jungle men, their lives have always been closely associated with Mother Nature and they know the jungle inside out! After all, it is their home! We will be visiting their village and learning about their ways of living. With the tribals come tribal art! On our camp, we will meet some extraordinary artisans and will interact with them to get insights into lives of Baiga.

ABOUT YOUR HOSTS

Our Story : Footloose Journeys

We, Footloose Journeys, are a novel travel venture in the area of Responsible & Sustainable Ecotourism. Since 2015, we have been working on a variety of wildlife experiences that follow an wildlife exploration, interaction with tribal communities to understand the life around the jungles, knowledge sharing about conservation of our natural heritage, wildlife photography, and also, interaction with Forest Officers to understand the details of wildlife protection and management.

Started with a mission to deliver authentic travel experiences in natural landscapes, we closely work with native communities to bring out the best of the experiences for our guests. We are honoured & proud to have been nominated for the 5th TOFTigers Wildlife Tourism Awards 2018.
