

Flamingo & Bird Watching at Bhigwan

About This Experience

Join The Western Routes on a Flamingo & Bird Watching Tour to Bhigwan. We will be heading to Kumbhargaoon village near Bhigwan situated on the banks of the Ujjani dam backwaters to spot the birds. This place is well known for attracting a large number of migratory birds in the winter along with the Greater Flamingos. Almost 300 species of birds have been recorded. After lunch, we will extend our trip to the stunning rock-carved Bhuleshwar temple. Both these destinations are a photographer's delight!
