

## Kanha - Customized for Nachiket Joshi

### About This Experience

The jungle is a mystic place. It has its own persona, its own way of maintaining order, and its own set of rules. The law of the jungle is strict and, from bug to beast, it is common for all- survival of the fittest! Even so, it thrives and expands in ways beyond our imagination; so is the case with Kanha! Lush green sal forests, dense bamboo population, vast expanses of meadows, and the frequent presence of water bodies create a scenic landscape. Together, they make up for a whopping 2000 sq. km. of wildlife heaven!

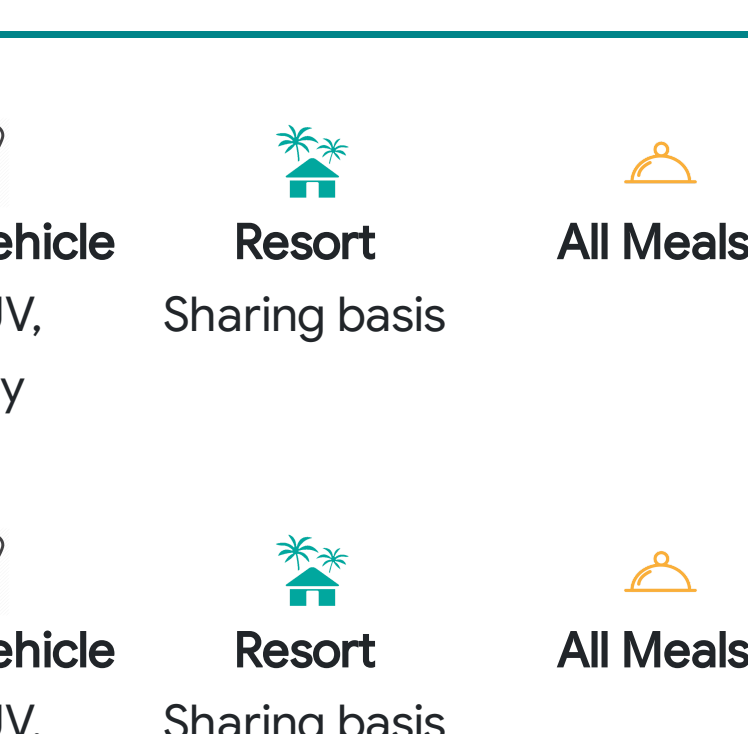

### Highlights -

- Home to a good & healthy population of tigers.
- Highly acclaimed for conservation of Hardground & Barahsingha - a species Only found in Kanha
- Dominated by the enchanting Sal trees and a variety of spectacular landscapes.
- Home to Baigas, one of the primitive tribes of India, who have lived in these jungles for hundreds of years.
- Manglu Baiga, a senior member of the Baiga tribe, helped the forest officials in conservation of tigers in more than one ways, and was honoured with Wildlife Service Award in 2004.
- One of the best managed national parks in India.

### Highlights

We will also be exploring the tribal culture of Baigas in our visit. Being the jungle men, their lives have always been closely associated with Mother Nature and they know the jungle inside out! After all, it is their home! We will be visiting their village and learning about their ways of living. With the tribals come tribal art! On our camp, we will meet some extraordinary artisans and will interact with them to get insights into lives of Baigas.

We are honoured & proud to have been nominated for the 5th TOFTigers Wildlife Tourism Awards 2018.

## REVIEWS FROM THE PAST

### Tanuj Makkar

A pleasure to travel with Paresh and team. The whole experience was memorable!

### Kuldeep & Meghana

Thank you very much Paresh & Ameya. We really enjoyed our first jungle safari. They really managed each and everything right from picking up from Nagpur airport. We really enjoyed the hospitality and the experience they have. I wish Footloose Journeys all the very best and looking forward to many more jungle safaris with them.

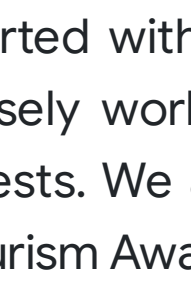

### Pratik Humnabadkar

Thank you Footloose for arranging an excellent trip to Nagzira camp. Everything went very well and I had a great time. It was amazing to watch stars at night and hear Owl calls through the camp. Great personalised tour, keep it up!

### Katherine Welch

We had an amazing time with Paresh and his team! I was in a group of ten law students and two professors and the Footloose team tailored the trip to our interests (environmental law, policy, and endangered species protection and conservation). We met with a top tiger conservationist and learned about efforts to protect tiger habitat in central India. We stayed in a stunning resort for two days just outside Kanha National Park and took several beautiful rides through the park and saw some incredible wildlife. Footloose also arranged for us to meet with some of the people who were displaced when the park was formed so we could learn about their way of life and how they work to protect the forest. I definitely recommend planning a trip with Footloose Journeys. They are very responsive and easy to work with.

### Amruta Deshmukh

It was my very first experience into the raw jungle and my decision to explore Tadoba with Footloose Journeys was truly beautiful! The entire trip was very well organised and wasn't disappointed at any point of time. The crew (Paresh, our guides, drivers) were very interactive and kept enlightening us about the stories of the jungle. Awaiting for the next journey :)

### Gaurav Bansod

Best in class. Always a delight to travel with them as trips are very well planned and managed. The eco tourism experience offered is really unique and takes you closer to nature. Budget friendly with really good resorts, great food choices and amazing safaris. The team is very knowledgeable on various aspects of jungles and make sure that your experience is totally worth it.
