

Out in the Forest with a Wildlife Biologist

About This Experience

Listen to the Jungle lore with an expert!

Always been a nature lover? Here is your chance to really get to know your loved companion. See the forest through the eyes of an ecologist. Understand the current state of biodiversity & conservation. Learn all about tools & techniques used to investigate the health of nature around us in a fun day long session.

- This is a field-based experience. It includes talk on the walk, on-the-go interactions with the expert, and observing biodiversity and understanding ecology (theory and techniques).
- Emphasize will be given in understanding the current state of biodiversity and conservation, what is meant by wildlife research / bird and dragonfly watching / wildlife photography / climate change.
- The one-on-one session will be a great opportunity to learn about the field of wildlife and conservation biology. Honestly speaking, wildlife biology is much more than just getting dirty in mud and grasses. Wildlife biologists now-a-days use extensive amount of technology in research and applications. Learn all these things from the best of them.
- This is a one-day experience (6 am – 6 pm). Participants will be taken to three field sites in Pune to study birds and dragonflies.
- The Expert will also carry a Bird Book and provide with e-material for reference.
- Age criteria: above 12 years
- Min--Max group size: 1-20
- Language: English, Hindi, Marathi
