

Tadiandamol Coorg Trek

About This Experience

As part of its never-ending beauty and wonders, Coorg brings to you its highest point: **Tadiandamol**, a trek at an **altitude of 5735 feet**. This stunning peak is surrounded by the greenery and expanses of the Shola forests, which are broken by the beautiful blueness of the water bodies that cut through it. The word Tadiandamol in Kannada means a big mountain, which is what it exactly is.

The starting point of this trek is **Nalakanad Palace**, which will take you through a wide expanse of colours, sights and smells that you have never experienced before. Once you make it all the 5735 feet to the top, you are going to be rewarded by the company of nature, which will include flowers, snails, trees, streams, and butterflies. Following this gorgeous walk amidst nature, you will return to the homestay and can enjoy the company of your new trek family!

Some memories linger a little longer than others; some leave an esoteric imprint, whilst only a precious few warm you up from the inside and turn you into a storyteller. The mind-blowing adventure to ascend the peak of Tadiandamol, a mountain of such majestic beauty enveloped by an imposing atmosphere of serenity, is one such memory to gain while you enter into the New Year 2024.

Notice that this New Year seats are limited and will fill out on a First Come, First Serve basis. Also, be informed that this New Year is preceded by a weekend, so kindly check out the itinerary and book your seats at the earliest.
