PLAN IN DETAIL

What will we do?

The Travel Tales is a 3 part Meetup Series being organised by TraWork across various cities to bring together all the Travel Enthusiasts. In this first, meet up let's get to meet and know fellow travellers near you! Let's get together and talk, discuss & share everything Travel.

This event is going to be moderated so that we all get an opportunity to share and ask questions and get to know each other better. So calling out to all you travellers and to be travellers for an evening of Travel gup-shup over tea/coffee.

Time to relive adventures, share photos from around the world and get first-hand recommendations on how and what of Travel. Find stories, travel inspiration, hacks, laughs -- and maybe even a new travel buddy!

TraWork is a "Work away from Work" initiative. We want to encourage more and more individuals to Travel the World and be able to work from the remotest locations. We believe that you should no longer have to choose between Work & Travel, you should be able to do both. We want you to meet different people, be a part of different cultures, explore, work from beautiful places and create amazing life experiences.

Vorq Space is a Coworking Space based in Mumbai at three locations - Andheri, Lower Parel & their very new premise at Kala Ghoda.
